Homologated RX exhaust system

Malossi is pleased to announce the new homologated RX exhaust systems for maxi scooters!

It's a new line of homologated exhausts, suitable for a wide range of engines (up to 400 cc).

A genuine concentrate of technology, but with a very reduced weight: an RX exhaust weights approximately 3.5 kg only! This weight reduction may even reach 3 kg depending on its application.

Internal components and DB killer were completely re-designed in order to achieve the best performance, while keeping noise levels within legal limits; vibrations are reduced with three silent-blocks, and assembly is extremely simple.

A further Malossi masterpiece!!!

Technical details

- European homologation
- Silencer, manifold and bracket made of stainless steel
- End cap made of carbon fibre
- Satin finish
- Weight reduction to about 3.5 kg
- Laser marked Malossi logo
- Easy assembly thanks to a shaped plate and three fasteners on the silencer
- Internal parts and DB killer entirely re-designed
- Reduced vibrations and shocks from the swing arm thanks to three silent-blocks

DB killer Racing

Code = **3214843B**

€ 54.60

This racing DB killer allows to further improve the performance of the exhaust. Although it does not respect the European homologation standards, it keeps the noise within acceptable limits.

Products to be used exclusively for racing in places specially designed for such activity according to the regulations of the competent sporting authorities. We accept no liability resulting from improper use.
